

9 JUNE 2023

- PRESS RELEASE -**The 20th CACLP & 3rd CISCE Closed
with Record-breaking Numbers in Nanchang Last Week**

From 28 to 30 May 2023, the 20th China Association of Clinical Laboratory Practice Expo (CACLP) and the 3rd China IVD Supply Chain Expo (CISCE), recognized as the world's leading in vitro diagnostics (IVD) exhibition, were successfully closed in Nanchang, China.

With an exhibition space of 130,000 sqm, the event saw over 1,300 exhibiting companies and approximately 40,000 industry professional visitors from 29 countries and regions, achieving a remarkable level of internationalism since the re-opening of the country. Visitors from agents, distributors to end-users from the globe, flocked to the 11 halls where exhibited the advancements of the whole IVD industry chain, engaging in a multitude of new product launches, strategic collaborations and product line showcases, as well as highly effective networking opportunities onsite.

Meanwhile, over 20 academic conferences and seminars including the 10th China IVD Industry Development Conference (CIIDC), the 8th China Experimental Medicine Conference (CEMC), Enlightening Lab Med - The 6th IVD Youth Entrepreneur Forum (ELMY), the 5th China IVD Distribution Enterprise Forum (CIDEF) and the 3rd China Key Raw Material & Parts Forum (CKRMPF) as well as over 100 business meetings are held concurrent with the exhibition from 26 to 29 May in the conference center that attracts more than 300 academic speakers and 5000 delegates from hospital, universities, institutions and laboratories to attend.

The record-breaking number of participants proves the event is as a must-be place integrating branding, trade, academic exchange and industry networking as an all-in one platform focusing on laboratory medicine and IVD industry globally.

Under the official announcement of Mr. Haibo Song, the founder of CACLP and Chairman of CAIVD (China Association of In Vitro Diagnostics), the event commenced, heralding a new chapter of progress and collaboration in the industry.

“

CACLP combines the best resources of the medical industry and strives for smoother integration of research, industry and clinical practice functions to ensure developmental excellence within the industry.

— Ms Rosa Chen, Vice President and General Manager of Beckman Coulter China

”

“

The shared commitment of CACLP and Roche Diagnostics (Shanghai) Ltd on academic development and information sharing would accelerate the implementation of innovative technologies, ideas, and products in China. Our close and active collaboration will help us seize opportunities to address the challenges facing the entire industry.

— Mr Richard Yiu, General Manager of Roche Diagnostics (Shanghai) Ltd.

”

“

Ms Karen Dai
General Manager of GL events
Ruihe (Shanghai) Exhibition Co., Ltd.

On the occasion of The Convergence of Laboratory Medicine and IVD by CAIVD & PCEM & CACLP (which includes the exhibition and concurrent activities), we were honored to gather again with industry leaders and colleagues at the time of the 20th anniversary and the full resumption of international travel after the COVID-19 pandemic. We are committed to presenting a grand event that integrates academia and commerce, communication and collaboration, innovation and branding.

During the 5-day event, academics, hospital directors, scientists and scholars reported about the hottest topics, and executives from IVD companies shared their insights on market trend and future developments. The exhibition and over 100 activities were livestreamed onsite and attracted over 2.55 million online views.

As CACLP marks its 20th anniversary this year in Nanchang, this significant milestone aligns with a pivotal moment in the world's IVD industry. It is a time when IVD companies worldwide are actively seeking innovation, change, and opportunities for collaboration. CACLP stands ready to join hands with global IVD companies to embody our motto – Bringing People Together! Together We Grow, Together We Succeed! By building a global IVD community of healthy competition, cooperation, and shared growth, we are poised to shape the future of the industry and achieve remarkable success together!

About GL events

GL events is a world-class leading provider of integrated solutions and services for events operating across the 3 major core divisions: Venues (venue management), Exhibitions (exhibition organizing) and Live (event services).

Through its wide global network made up of more than 90 offices, with organizing over 480 proprietary trade fair and events, managing more than 60 venues, and staging more than 4,200 events every year, GL events Group is a critical force for city promotion of 28 MICE destinations.

Present on five continents with operations in more than 20 countries, GL events has over 5,119 employees. Listed on the Eurolist Euronext Compartment B (Paris Stock Exchange), GL events had a turnover of €1.315bn in 2022.

About CACLP

Debut launched in 1991, CACLP, the China Association of Clinical Laboratory Practice Expo, is well established as one of the largest exhibitions in the in vitro diagnostic industry worldwide. CISCE, China IVD Supply Chain Expo, successfully launched in 2021, further expands the product sectors from upstream to downstream. With a great number of high-level academic and educational programs held concurrently onsite, and year-round
